

MSA M7 I-HUD Receiver

for FireHawk® M7 Air Mask

Heads' up -- your lights are on the inside! MSA's new M7 I-HUD Receiver for FireHawk® M7 Air Masks is worn on the **INSIDE** of your facepiece. Easy to install and remove -- simply slide unit over nosecup to secure in place. Remove I-HUD unit with just your fingers -- no tools required. Inside mount eliminates snag hazards. New LED light patterns enhance safety and security. Unit automatically syncs with SCBA upon startup. Sleek design offers 40% weight reduction compared to our external HUD. MSA's I-HUD Receiver is available only with the FireHawk M7 PASS device.

The M7 I-HUD Receiver displays remaining air pressure, battery life warning, PASS device pre-alarm, and EVACUATE indicators. Other added safety features include light sensor for auto-dimming and enhanced, side-mounted buddy lights. The M7 I-HUD Receiver is always on and ready for you to see the lights.

MSA
The Safety Company

New M7 I-HUD Receiver Features & Benefits

- › Wireless M7 I-HUD Receiver contoured shape fits securely inside firefighter's Ultra Elite® facepiece
- › Nearly 40% lighter than external M7 HUD Receiver
- › Placement inside facepiece eliminates snag point
- › Unit automatically awakes and sleeps based upon pairing with SCBA
- › Wireless magnetic radio transfers actual SCBA data via IEEE 802.11 network
- › Enhanced light pattern for safety and security differentiation
- › Displays SCBA cylinder pressure in quarter-cylinder increments
- › If telemetry-equipped PASS device is used, M7 I-HUD Receiver displays evacuation alarm
- › Red "buddy lights" in three locations alert other firefighters to low cylinder pressure, or motion alarm
- › Powered by single, disposable CR2 lithium battery
- › Low battery condition displays via single LED flash on display's left side; low battery SCBA condition displays as double flash
- › TEST function button to verify functionality before use

New M7 I-HUD Receiver Durability Testing

- › M7 I-HUD Receiver survives two-meter drop test when mounted inside Ultra Elite Facepiece
- › IP67-rated to withstand extreme hot and cold environments
- › Vibration testing to NFPA 1981 standards
- › Protection against short-time water submersion for thorough facepiece cleaning

**M7 I-HUD Receiver is not compatible for use with FireHawk M7 Less PASS SCBA.*
