

FIRE DEPARTMENT BUSIEST ENGINE

By Kevin Roche

PART 3

For the 34th year, the career fire service takes to the pages of *Firehouse Magazine* to share and compare statistics about company and department levels, funding, staffing and pay. A total of 255 fire departments took part in this year's survey, representing 44 states, the District of Columbia and four Canadian provinces. The departments represented in this latest survey protect 85,841,193 people, and they have budgets totaling more than \$15.2 billion. They provide the services with 4,092 engine companies, 1,485 ladder companies, 1,823 ambulances and numerous specialized units. They responded to 1,305,778 fire calls, 7,928,838 EMS calls and 11,162,241 total calls last year.

WEBCAST

FIREHOUSE

SEPTEMBER WEBCAST Applying Risk Assessment to Your PPE Selection Process Sept. 24

Selecting the appropriate PPE for your fire department ranks among the most critical decisions in an effort to enhance and ensure the safety of its responders. Presenter Henry Costo will explain why it is essential that a department's specification and selection processes be deliberate, and comprehensive. The presentation will outline a selection and specification program based on a set of debatable pros and cons and from developments in the latest research.
